

Study Abroad in Scotland 2019

- ◇ **Join us this summer for a one of a kind opportunity to explore and experience nursing practice within a National Health System in the UK!**
- ◇ **After course classes in June on campus, we will travel to Scotland and spend 10 days exploring and learning from Nursing professors, students and practitioners about the similarities and differences between the two delivery methods of health care.**
- ◇ **Lodging will be onsite at Glasgow Caledonian University, walking distance to the thriving city of Glasgow and accessible to the many gorgeous areas that Scotland has to offer!**
- ◇ **Day trips to infamous locations within Scotland will be arranged, including Edinburgh, castles, the Highlands, and the iconic steam engine from Harry Potter!**

N456 Health Care Delivery Systems and Leadership

Travel Dates:

7/6-7/17/19

Flights arranged by
Students

Professor: Debra Windle
