## PROGRAM DESCRIPTION

Management 300 / 495 is being held for the 3rd time in Thailand next summer! Learn about general management and operations principles while studying abroad in Thailand for three weeks. We have partnered with Mahidol University in Bangkok, Thailand to create a once in a lifetime experience to learn about business in Asia's hottest tourist location. You will spend time in Bangkok touring various businesses and listening to experts lecture on business in Thailand. In the evenings and on weekends, we have excursions to famous temples, night markets, and other cultural activities.

Our first 2 weeks will be spent in Bangkok, the capital of Thailand, before heading to Chiang Rai to work with an NGO that helps the local hill tribe peoples. You will get a chance to volunteer building a school for these stateless children while staying with a family in a local village.

Interested? Contact me for more info on how to make this happen! Total costs are only \$3800, making this one of the most economical study abroad trips available.
